- IT delivery
- Requirements management
- Communication planning
- Implementation and rollout support

Analytical/specialist expertise

- Data analysis & forecasting (linear regression, neural networks)
- E2E testing
- ESG reporting
- Programming & data visualization

Tools

- MS Office & MS Project
- Jira Xray
- Mural & Miro
- Python (numpy, pandas, matplotlib, scikit-learn)
- SQL, Snowflake

LANGUAGES

- English: C2
- German: C1
- Turkish: C2
- French: A1

CERTIFICATES

- Workera Data Scientist
- Google Project Mgmt.
- ICAgile Certified Prof.

EXPERIENCE

Sabbatical & professional development

February 2025 - present

- Travel: February-August 2025
- Volunteering & professional development from August 2025 (see below)

Accenture GmbH, Berlin

July 2021 - February 2025

Transformation Excellence Analyst

- Client-facing PM and specialist roles in complex IT transformations in the DACH region, working in international and cross-functional teams
- Can perform well in some lightly technical roles (see below)
- Preparing client workshops, project proposals and internal assets

Project Highlights:

- **IT carve-out program, international Swiss industrial company**
 - Key role in the PMO for a multimillion program comprising 6 workstreams and a €30M budget
 - Orchestrated dependency management in a highly complex environment
- **Cloud transformation project, major European e-commerce platform**
 - Test specialist and requirements engineer for the E2E test strategy
 - Ensured successful go-live in time in a critical timeline
 - Established a legacy of test culture at the client, particularly in test automation
- **ESG reporting project, European pharmaceutical company**
 - Project manager & data architect for a conception project
 - Wrote software to calculate ESG metrics in the lack of a technical solution

Charité & Fraunhofer HHI, Berlin

March 2018 - April 2020

Student researcher

- Research on machine learning applications in various fields
- Co-author of a paper on VR user behavior, nominated for Best Paper

EDUCATION

Reuter Management Training

December 2025 - April 2026

Project management training (IPMA-C)

Exam pending

TU Berlin

October 2014 - March 2020

M.Sc. Computational Neuroscience

Grade: 1,90 (German scale)

Master thesis: Machine learning in dementia prediction

Bilkent University

September 2008 - Juni 2013

B.A. Psychology

Grade: 3,94 (Class valedictorian)

VOLUNTEERING / INTERESTS

- **Dance education and organizational work** at Tome Forró Berlin e.V.
